

# Student Model (MLP, GRU) vs Teacher Model(RCNN) Logical Error Rate

Surface code  $d=5$ ,  $p=0.01$ ,  $r=3$  · 200,000-shot tail · 3 seeds, band =  $\pm 1$  s.d.

Parameters: RCNN 51,547 · MLP 25,985 · GRU 17,153. Distilled students use a fixed RCNN teacher trained on 10M shots at every rung.
